

FAQ

1. Are site services (topographic survey and geotechnical report) in the scope of work? Or, will the survey and geotechnical report be provided by the county?

A: Site services, surveys, or geotechnical reports are not necessary for the submittal of the RFP. If your firm is chosen, we will then discuss who will provide these surveys.

2. Will existing drawings be available for use?

A: Existing drawings are on the website.
